

Luke Tyler BMus(Hons)

Email: luke.tyler1@btinternet.com

Personal Profile

Passionate about music and keen to expand my roles within its industry, I strive to put maximum effort into all I do. I have a BMus(Hons) First Class degree in Professional Musicianship with The Academy of Contemporary Music and achieved distinction in eight Electric Guitar grades with LCM. Songwriting and music production are some of my interests. I have a growing online identity: www.luketylerguitar.com. Good presentation and efficiency are important to me.

Experience

2023-present

Pipers Corner School

One-to-one peripatetic electric and acoustic guitar teaching to students aged 7-18. Includes covering basics with beginner students, working towards grade exams, learning songs, improving technique and applying theory.

2018-present

Private Guitar Teaching

One-to-one electric and acoustic guitar lessons with students of a range of ages, from beginner to beyond grade 8, focusing on the students' musical interests. Includes working towards grade exams (Rockschool and LCM), developing stylistic techniques and learning songs.

2017-present

Rock Jam Music School

Electric and acoustic guitar teacher for students of a range of ages and abilities, from working through grades (Trinity and Rockschool) to teaching specific techniques and songs. These lessons are mostly in groups of two students. Includes one-to-one and group lessons as well as band workshops.

2021-2022

Gateway School

One-to-one peripatetic electric guitar teaching to students aged 7-11. This included working on the basics with beginner students, working on Rockschool grades and learning songs.

2015-2017

Extra-curricular experience gained during my Degree

Collaborated on multiple original projects. Session work including recording guitar parts, composing and playing for bands. Wrote, recorded and produced my own EP. Performed in venues including the Electric Theatre and Komo.

2014

Band Workshop Instrument Coaching

Assisted at a professional band workshop, including giving instrumental tuition in group sessions and organising equipment for performances and recording.

Sound Engineering

Worked as a sound engineer behind the mixing desk for a professional covers band's live sets at a private venue. Band email: nbsonthenet@hotmail.com

2013

We Will Rock You the Musical

Took part in a series of performances of the musical 'We Will Rock You' as a lead guitarist in the pit to an audience of over 400. Required regular rehearsals of thirty songs by Queen.

2012

TEDGroup Work Experience, Luton

Observed and aided in a professional music studio which was part of TEDAV. Included soldering XLR leads, mixing audio with Pro Tools, organising TEDRetail stock and loading equipment for client events.
